Projects List

> **Retired page.** This documents the legacy SiteTrax.io service portal, which has been replaced by **SiteTrax.io Intelligence** at app.sitetrax.io. It is kept for reference only and is no longer maintained. For current guidance, see the SiteTrax.io Intelligence shelf.

The Projects page displays a table of all projects accessible to the current user. Each row shows the Project Name, a team icon indicating user membership, and the Created date. Projects are the primary organizational unit in SiteTrax.io - all videos, assets, and integrations belong to a specific project.

Clicking on a project name navigates to the Project Detail page. A search icon in the top-right corner allows users to filter the projects list by name.
